From inheriting the foundation to creating the future – Ms. Dang Huynh Uc My opens a new growth phase for AgriS

On August 28, 2026, Ms. Dang Huynh Uc My, Chairlady of the Board of Directors of AgriS, registered to acquire 11,000,000 SBT shares, equivalent to 1.22% of the voting shares. The shares are expected to be transferred from Ms. Huynh Bich Ngoc – Founder of AgriS. The transaction is expected to be conducted from September 8, 2026 to October 7, 2026.

Following the transaction, Ms. Dang Huynh Uc My will hold 118,631,662 SBT shares, equivalent to 13.09% of the voting shares. Ms. Uc My's continued increase in ownership marks an important step in the transition of generations at AgriS, while also demonstrating her commitment to continuing the journey with the Company as Chairlady of the BOD.

Mr. Thai Van Chuyen – Member of the Board of Directors and CEO of AgriS, has also just registered to purchase 15,500,000 shares, equivalent to 1.71% of the voting shares, increasing his ownership to 1.79% of the voting shares.

Inheriting the foundation, creating new growth momentum

With more than 20 years of experience in Finance and Agriculture, Ms. Uc My had participated in managing AgriS for many years before officially assuming the position of Chairlady of the Board of Directors in July 2024. Under her leadership, AgriS has accelerated the transformation from a traditional sugar company into a high-tech agriculture model integrating the agriculture – food value chain, expanding connections between the Vietnamese and international markets.

Over the past two years as Chairlady of the Board of Directors, Ms. Dang Huynh Uc My and the management team have led AgriS through a period of significant market volatility. In response to market changes, the Company has proactively adjusted its business operations, diversified growth drivers, and maintained operational efficiency. AgriS maintains its leading position in Vietnam's sugar industry with 46% domestic market share and a raw material area of over 80,000 hectares. The Company has expanded its distribution network to 76 countries, more than 3 times the 24 markets recorded 5 years ago. AgriS is currently pioneering the application of technology, data, and digital transformation across the entire agriculture – food value chain, from raw material area management and production optimization to decision-making support, investment in ESG, R&D, and strategic cooperation models, thereby improving operational efficiency and creating new growth drivers.

In FY2025 – 2026, AgriS recorded net revenue of VND 26.892 trillion, achieving 101.5% of the target approved by the General Meeting of Shareholders. Profit before tax reached more than VND 908 billion. The revenue structure shifted clearly toward diversification and expansion into the agriculture – food ecosystem. The rice segment contributed more than VND 2,600 billion in revenue, equivalent to approximately 10% of total revenue. Non-sugar segments, including agricultural services, fruit crops, food, and beverages, recorded growth, generating more than VND 1 trillion in revenue.

Expanding markets, connecting global resources

AgriS is expanding cooperation with partners in Australia, the United States, and regional markets, focusing on trade, investment, and ecosystem connections across the global agriculture – food value chain.

Together with a network of major international partners, AgriS's ability to access international resources has expanded. In two years, the Company has mobilized more than USD 400 million from international financial institutions, including IFC, DEG, ResponsAbility, FCB, ING, and other financial institutions.

On the stock market, SBT shares also recorded positive performance. As of August 24, 2026, SBT closed at VND 24,100 per share, up more than 13% from the beginning of the fiscal year (July 1, 2026), bringing AgriS's market capitalization to ~ VND 21.9 trillion and reaching its highest price range since January 2026. AgriS's foreign ownership ratio doubled over the past two years, reaching nearly 20%, ~ more than 182 million shares as of the end of July 2026.

The Chairlady of the Board of Directors' registration to increase her ownership stake comes as AgriS transitions from inheritance to a new phase of growth creation. Building on strengthened market, capital, technology, and partner foundations, AgriS will expand its scale and enhance value across the agriculture–food value chain, aiming to become a leading high-tech agriculture enterprise in the region.
