This is the 3rd consecutive year SBT's annual report has participated in the international arena with the award ranking being appreciated higher year by year. SBT is the only agribusiness in Vietnam to be honored in the top rank - Platinum for Agribusiness. With the theme **"Comprehensive transformation for global reach"**, SBT's 2019-2020 annual report shows through its vision to become Indochina's leading solution provider of traceable and sustainable agricultural products with

the mission to build advanced and sustainable agriculture that provides energy and nutrients of natural origin, non-GMO. The annual report also emphasized the strong transition at SBT when the "Transform SBT" digital transformation project was officially launched and is an important roadmap to help SBT realize its strategic goals and ready, confidently step into the international arena.

Soon catching up with the wave of technology transformation in industry 4.0 era - Digitalization of information, SBT is one of the pioneers in applying SMART PDF software in the annual report, using modern applications on digital platforms with vivid images, diverse data in order to bring new, convenient and multi-dimensional experiences for investors, shareholders and customers in understanding and capturing company information. SBT's 2019-2020 annual report also enhances the use of realistic images of the working environment, raw material areas, factories, research center, production lines, ... and more information in the form of infographic. These things highlight the position of the leading enterprise in Vietnam sugarcane industry not only in production and business activities but also in corporate governance activities, helping investors to access and make reasonable investment decisions.

The Vision Awards organized by the League of American Communication Professional (LACP) is the most prestigious professional program in the United States with criteria for evaluating the annual report ranking of the groups, leading enterprises in countries around the globe.
